JUST LOU

AVIATION COLLECTION

This collection is inspired by the story of Amelia Earhart.

Her name became famous in the year 1932, when she was the first woman and second person to fly solo across the Atlantic Ocean exactly five years after Lindbergh.

She flew a "Lockheed vega" from Harbor Grace in Newfoundland to Londonderry in Northern Ireland.

Just Lou is an invitation to join me on my travels through History, a visual story of interesting times, events and people that may have been forgotten. I bring them alive again through my collections, put my twist on them and then you collaborate with me on this journey and together we create amazing work.

Art is life and life is an art

Lou
